

Office of Technology Windows 10 Updates

<p>Select the Start (Windows) button from the bottom-left corner</p>	
<p>Go to settings (gear icon)</p>	
<p>Select the Update & Security option</p>	
<p>Choose Windows Update in the sidebar (Circular arrows)</p>	
<p>If there are Updates available, you can choose to Install now</p>	<p>We'll automatically install updates when you aren't using your device, or you can install them now if you want.</p> 
<p>Installation of updates will begin – you can check the Status to see what is currently “Installing” or “Pending install”.</p> <p>Note: Some updates will take time to install – you may continue to work while the updates are running.</p>	 <p>Updates available Last checked: Today, 12:47 PM</p> <p>Security Update for Microsoft Excel 2016 (KB4484465) 64-Bit Edition Status: Installing - 60%</p> <p>Security Update for Microsoft Outlook 2016 (KB4484475) 64-Bit Edition Status: Pending install</p>

<p>While the installations continue to run, you will see which updates require a “restart” – again, you can do this after you have saved your work.</p>	<p>Security Update for Microsoft Outlook 2016 (KB4484475) 64-Bit Edition Status: Pending restart</p> <p>Security Update for Microsoft Word 2016 (KB4484474) 64-Bit Edition Status: Pending restart</p> <p>2020-08 Cumulative Update for .NET Framework 3.5 and 4.8 for Windows 10 Version 1903 for x64 (KB4569751) Status: Pending restart</p> <p>2020-08 Cumulative Update for Windows 10 Version 1903 for x64-based Systems (KB4565351) Status: Installing - 0%</p>
<p>When all updates have been installed, you will be given a choice to “restart now” or “Schedule the restart”.</p> <p>Please restart your laptop when available.</p>	<p>2020-08 Cumulative Update for Windows 10 Version 1903 for x64-based Systems (KB4565351) Status: Pending restart</p> <p>Restart now Schedule the restart</p>
<p>If your laptop is up to date, you can select the “Check for updates”</p>	<p>Windows Update</p> <p>*Some settings are managed by your organization View configured update policies</p> <p>You're up to date Last checked: Today, 12:47 PM</p> <p>Check for updates</p>
<p>If there is are any available updates, they will begin downloading automatically.</p>	<p>Windows Update</p> <p>*Some settings are managed by your organization View configured update policies</p> <p>Checking for updates...</p>
<p>Your laptop should now be up to date!</p>
